

Track a Life Programme Fact Sheet

One of the best ways to motivate these children-at-risk is to show them that others believe in them and have put up a stake in their performance. Thus, the Track a Life is a sponsorship programme targeted at corporations and individuals who will commit to sponsoring a disadvantaged child or a youth for 1 year.

The objective of this programme is for you to help us keep your sponsored young live on a positive and progressive track for the next 12 months. The Track a Life Programme has a direct impact on a young live. Your sponsorship will clearly demonstrate to the young person that people do care and the least he or she can do is to make a decent attempt to proclaim "My life is on track!"

As such, we will involve the young person you sponsor in a range of guidance, care and educational programmes and he or she will be continually coached in the ART of Winning Respect. He or she will repay your kindness and generosity by being Accountable, Responsible and Transparent about the progress in his or her life. We will also attend to whatever problems that may arise and work towards him or her experiencing stability and nurturance in life. Over time, your sponsored child or youth will learn what it means to be respectful, what it takes to be respected and seek to become respectable.

To make your sponsorship more meaningful, you will receive...

- Three reports about your child:
 1. Introductory report at the commencement of the sponsorship (this comprise the child's profile and background)
 2. Two progress reports (this consists of a mid-term and an end-term report)
- Invitations to "Meet Your Child" activities (twice a year):
 1. At a "sponsors" event
 2. On your child's birthday

To sponsor a young person for a year would cost S\$5,000. You can opt for:

One time payment of S\$5,000 or 2 instalments of S\$2,500.

You are more than welcome to adopt more than one child.

This will cover meals, supervised learning/tuition, guidance support, personal care, sports, and recreational activities, and group meetings for positive affirmation, problem solving, decision-making, team building and life-skills learning for one full year.
