### Background

Bing Xu lives with his mom, elder brother and a cousin in a 2 room flat. About one and half years ago, he was spending a lot of time away from school and his home. His mother told us that she often found him on the streets shouting and ordering a group of boys around.

Since then, Bing Xu has made great strides in his studies. Last year he passed all his subjects and came in first in his class. His mother was disbelieving when we told her but beamed proudly when she saw his report book. Bing Xu had never passed his exams before and quite naturally was very surprised himself.

Today, Bing Xu plays in goal for our soccer team and we are trying to teach him that as a goalkeeper he can shout to encourage and guide or he can shout to demoralise his team mates. Well, perhaps he is finding this lesson harder to learn than the lessons in school.

### Challenges He Faces

- To continue putting effort into his studies so that he will not fall behind again
- To help him enjoy activities at school like sports rather than those on the streets.
- To reduce his shouting and still be an effective leader

### Our Plan for Bing Xu

- To help him pass his PSLE and move into the Normal Academic Stream in the Secondary School
- To get him to excel in and enjoy sports at his school
